New Meaning to Quality...

EPDM & NBR Hoses

Radiator & Coolant Hoses for
Automobile & Tractor Range

For
LCV, Multi Purpose Vehicles &
Passenger Car Segment

2025

ABOUT US

Tuteja Industries India (Tii) is a prominent manufacturer, exporter and supplier of high quality E.P.D.M. Rubber Radiator and Coolant Hoses, NBR Rubber Oil & Heat resistant Hoses for Commercial Vehicle, Tractors and Heavy Earth Movers, under the brand name "ARTH ". Though, fairly a new entrant, Tii have made a significant growth in the industry since its inception, not based on any powerful marketing technique but on word of mouth. Today, their products are readily available in most of the Indian States, along with overseas market.

Along with covering new markets, Tii is also working on the product range, new hoses are been introduced almost every fortnight with an idea to cover complete automobile, and tractor range in India and to make a mark in the international circuit.

Today, Tii manufacture over 2700 different hoses and all are readily available; they believe timely delivery is as important as the quality.

An ISO 9001:2015 Certified Co.

ARTH

Plant & Machinery

The plant is complete and adequate to manufacture entire range of hoses. We have Extrusion production lines to extrude hose from 4mm id till 150mm id, with high capacity Kneader, 2 Open Mixing Mills, 4 Extruders, 3 high speed Knitting and a Braiding machine, 2 Boilers and 4 Autoclaves. Extrusion heads, Dies, Hose Moulds & Cutting Fixtures are developed and designed to perfection with precise accuracy and complete detailing.

Quality Policy

We believe , the only way to go forward, is to strive on Quality, Quality Product along with Quality Packaging & Timely Delivery. In quality front, we don't compromise even a bit on the quality of raw material, the best grades of every raw material is used. Every batch is tested for Tensile, Elongation & Bursting Pressure, Once the Hoses are manufactured, they undergoes three screening processes, where they are thoroughly checked for any manufacturing defect. We have our own laboratory & we are also linked with few big research laboratories, and automobile workshops, where the newly developed hoses are first tested under variety of simulated conditions as well as in real life in automobile workshops, before introducing in the market.

“Continuous efforts in improving on the quality, range and final delivery, are the three parameters that define us and are the reasons behind our growth.”

Heat Resistant Coolant & Heater Hoses

(Designed for heater hose applications, where resistance to antifreeze coolants and under hood temperature are required.)

Application : General Purpose, Heater Systems
 Tube & Cover : EPDM Rubber
 Reinforcement : Polyester Yarn
 Resistance : Tube/Cover Hot Water, Heat, Ozone and Weather Conditions.
 Coil length : 1, 6, 10, 25 & 50 meters.

(Wall Thickness & Length can be customized as per the requirement, Standard Wall Thickness is 4mm)

Vacuum Hoses / Brake Hoses

(A light duty hose specifically designed for power vacuum applications on cars and light duty trucks, Thickness of 3mm)

Application : Water, Air & Windshield applications
 Tube : EPDM Rubber (No re-inforcement)
 Resistance : Hot Water, Heat, Ozone & Weather Conditions.
 Coil length : 1, 6, 10, 25 & 50 meters.

(Wall Thickness & Length can be customized as per the requirement, Standard wall thickness is 3mm)

Quality Policy

We believe, the only way to go forward, is to strive on Quality, Quality Product along with Quality Packaging & Timely Delivery. In quality front, we don't compromise even a bit on the quality of raw material, the best grades of every raw material is used. Every batch is tested for Tensile, Elongation & Bursting Pressure, Once the Hoses are manufactured, they undergoes three screening processes, where they are thoroughly checked for any manufacturing defect.

Following tests are carried out in the laboratory:

- 1) Tensile & Elongation testing machine
- 2) Ageing Oven : Change in tensile and elongation after ageing
- 3) Rheometer : Quality of rubber compound is checked
- 4) Bursting Pressure Testing Machine
